ANNOUNCEMENT.

This being my Third annual sale, I beg to inform my friends and the public that I shall hereafter have an annual s ale of yearlings, at which time I shall also sell roadsters and other trotting stock owned by me, and perhaps, (as at this sale,) a few animals the property of those who are patrons of my stud I herewith append a list of my stallions *now* and *hereafter* to be used in the stud, as the *best* eulogy on the young stock *now* offered, and on which the public may in the *future* rely,

Gradually, year after year, experience teaches those who give the breeding of trotters a study that the closer the parents are to the record on the *black-board*, the more likely the offspring is to put a faster mark there: for Insiance a a man twenty- five miles on the road should get to the end of a hundrad miles sooner than the man that has the whole hundred to go in the same time, and I therefore call special attention to my Stallions,

Respectfully,

W. H. WILSON.

TRIUMVIR.

Mahogony bay, foaled 1879; almost 16 hands high; star with black points; weighs 1,070 pounds.

GOT BY GENERAL WASHINGTON.

First dam, Lucy, record 2:18¼
by Geo. M. Patchen, record 2:23½
sire of Chas. E. Loen, record 2:25½
Chas. E. Loen got Stuart Maloney 2:27½
Second dam, Henry May Day, by Sir Henry.
Third dam, by Prizefighter, son of imp. Expedition.

GEN'L. WASHINGTON, by Gen'l. Knox, record 2:31¼
sire of Lady Maud, record 2:18¼
First dam, Lady Thorne, record 2:18¼
by Mambrino Chief, sire of Woodford Mambrino, record . . . 2:21½
that got Abbottsford, record 2:19½

Lucy, the dam of TRIUMVIR, was herself a fine gaited trotter. Her best record, 2:18¼, was made in a memorable race at Buffalo, N. Y., August 9, 1872, when she defeated American Girl, Goldsmith Maid and Henry in a race of four heats. Her relative, American Girl—also of the Clay family—was in great form that day, and succeeded in taking the second heat by a nose in 2:17¼, but Lucy outlasted her and got the race. The time was as follows: 2:18¼-2:17¼-2:19¾-2;22. During Lucy's turf career she defeated Fanny Allen, Hotspur, Bruno, Gen'l. Butler, Lady Thorne, Goldsmith Maid, Geo. Palmer, American Girl, Geo. Wilkes, Henry, Occident, &c.,—a list that in her day comprised the brightest ornaments of the trotting turf.

Lady Thorne—the dam of the sire of Triumvir, was one of the best and gamest trotters of her day, and was the best representative of the Mambrino Chief family. Her best record was made at Narragansett Park, R. I., October 8, 1869, beating Geo. Palmer, Geo. Wilkes, Lucy and American Girl. Geo. Palmer won the third heat in 2:19¼, but Lady Thorne won the race in four heats in the following time: 2:19¾, 2:1:18¼, 2:19¼, 2:21.

General Knox, the grandsire of Triumvir, not only gained for himself a record of 2:31¼, but sired Lady Maud with a record of 2:18¼, and nine others in the 2:30 list.

In Triumvir I have bought a horse which I believe possesses the blood needed by Kentucky Breeders for outcrosses, from the fact that his two developed grandsires Gen'l. Knox, record 2:31¼, and Gorge M. Patchen, record 2:24½, have no representatives in Kentucky, and the blood of the greatest of all Mambrino Chief mares, Lady Thorne, being two removes off in the breeding of Triumvir, should come back to Kentucky, making a re-union that should work wonders with our trotting records. The immediate ancestors of Triumvir have more and faster records than those of any other stallion within my knowledge. There are my reasons for purchasing the horse and putting him at the disposal of Kentucky breeders.

TO THE PUBLIC.

Having rented the Bourbon County Fair Grounds at Paris, Ky., for the purpose of starting a Branch Stock Farm, and locating a couple of stallions suitable, and at prices within the reach of all, James E Clay, of Paris, Ky., who purchased of the estate of the late Capt. M. M. Clay, at my sale last February, held on the above grounds, the fast trotting Stallion, Cyclone, and as he was desirous of giving him a chance in the stud, I have arranged that he be a stable companion for Indianapolis during the season of 1884, and I have put the two stallions at $50 to insure, which I believe is the cheapest fee ever known within the limits of our Commonwealth for two such stallions, breeding and performances considered.

Her dam, Lillie Morrow, I am, told, trotted from mile post to mile post on the turnpike near Lexington, in three minutes and ten second, with two men in a top buggy, on a bet, and was a very remarkable road mare; and by reference to the performances of her sire, Indianapolis, it will be seen that she comes of good lineage—she having the Pilot, Jr., blood that is so prominent in the dams of Maud S., 2:10¼, Jay Eye See 2:10¾, and the dam, being by Clark Chief, who sired the dams of Majolica, 2:17; Wilson 2:16¼, and Phallas, 2:15½, besides having been the sire of seven trotters in the 2:30 list, and two of them inside of 2:20; Croxie 2:19¼, and Toney Newall 2:19½, and it is with reluctance that I put this filly up for sale.

INFORMAL STATEMENT.—Estill is a handsome colt; showed 3:12 in his 2-year form, but was was not trained in his 3-year form on account of sickness. He is entered in the Wilson stake in the National Trotting Horse Breeder's Association of America, and all the entrance paid up to date. The stake will be about eleven thousand dollars, and as I have no idea of entering him against Hinda Rose, record 2:16¼, and have more stallions than I want, I offer him in the sale to the highest bidder.

Smuggler, record 2:15½, still holds the fastest stallion record, and is the sire of Smuggler's Daughter, 2:29½. The dam of Estill is also the dam of the bay gelding Col. Stevens, with a 4-year old record of 2:33½; was by American Clay, the sire of Granville, 2:26.

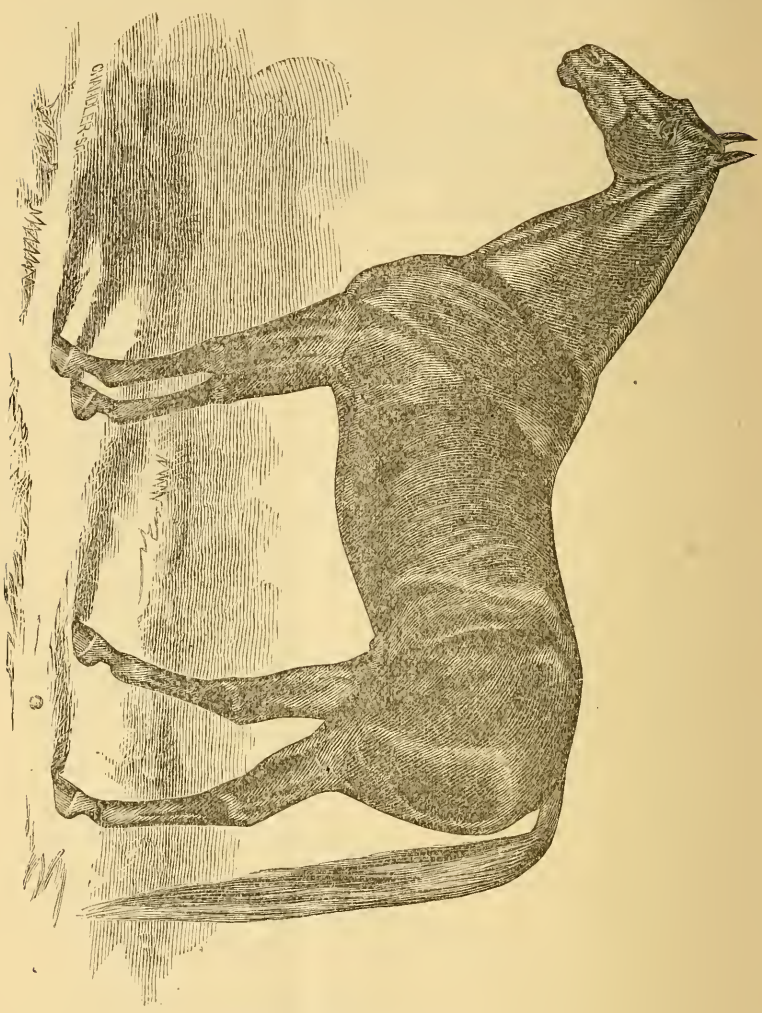
INFORMAL STATEMENT—See the Glencoe mare, Bruce's Stud Book, Vol. I, page 483. She was bred by Wm. Fleming to Edwin Forrest and sold to W. J. Walker, of Richmond, Ky., at whose sale I purchased her. This colt is powerfully built with splendid action, and being elegantly bred can hardly fail to be fast. Will make an excellent stock horse. He is bred like So-So, record 2:17¼.



The above cut is the sire of the stock consigned by Mr Hare.

HAMBRINO, record 2:21¼.

Sired by Edward Everett. First dam, Mambrina, by Mambrino Chief. Second dam, Susie (dam of Ham. Margrave), by imp. Margrave.

The first season Hambrino was in the stud, he served some ten mares, and from that number he produced: Nephew, 4 yrs. old, record of 2:33; Oku, 5 y o, record of 2:30¼; Hambrino Belle, five years old, record 2:25½. W. H. Wilson and T. J. Megibben sold Hambrino Bello to Commodore Kittson for $6,000, and very unfortunately died within two months. There is no doubt, had she lived, but that she would have scored a record below 2:20. Hambrino was then withdrawn from the stud for trotting purposes, and did not again enter the stud until the year 1880.

Edward Everett sired Judge Fulleston (record 2:18), and ten others in the 2.30, list; and was sired by Rysdyke's Hambletonian, sire of Dexter, record 2:17¼; and thirty-six others that have trotted in 2:30 or better. This filly's second dam was an excellent road mare, that was both a fast trotter and pacer, and there seems to be no reason why Madelon should not have plenty of speed, as her immediate ancestors were well bred, fast performers and producers of trotters.

ing, being by Edward Everett, one of the most potent sons of Rysdyk's Hambletonian. Hambrino's dam was by Mambriuo Chief, the head of the Mambrino family. Naham's dam was sired by one of the Clay family, that have become so fashionable as the sire of dams such as the dam of Geo, Wilkes, one of, if not the best stallion that ever stood in Kentucky, and the dam of Electioneer, the great California sire. His second dam was the dam of McCurdy's Hambletonian, record 2:26½, and Belmont, sire of Nutwood, record 2:18¾, Wedgewood, record 2:19, and six others that have records of 2:30 or better. His breeding is gilt edged, and whoever buys him may reasonably expect a trotter and successful sire.

INFORMAL STATEMENT—This is a strong and well-formed col , with good body and the best of legs and feet. His dam was by Mambrino Chief, sire of Lady Thorne, record of 2:18¼, and five others that beat 2:30. Wilkes Brino's dam is by the most popular and potent sire that ever stood in Kentucky, the renowned George Wilkes, harness record 2:22; wagon record 2:25, and record to pole 2:28. He sired Wilson, record 2:16¼; Joe Bunker, record 2:19¼; So-So, record 2:17¼; Rosa Wilkes, record 2:18¼, and twenty-two others that have trotted in 2:30 or better.

Edward Everett and George Wilkes were sired by Rysdyk's Hambletonian, sire of Dexter, record 2:17¼, and Nettie, record 2:18, and thirty-five others in the 2:30 list. All this backed up by the thoroughbred blood of Grey Eagle, whose blood is to be found in the pedigrees of some of the most prominent trotters of the present day. Wilkes Brino should find a place at the head of some good stud.

INFORMAL STATEMENT—Josie, the first dam of Alberta, produced a colt by Hamlet that was sold T. C. Jefferson to Judge Owler of Cincinnati, who stated that the colt showed a full mile in 2:34 when three years old. This colt died before he was four years old, Josie also produced by Cromwell's Almont "Keller V.," that trotted when two years old a mile in 3:07, and showed quarters at a 2:52 gait. At three years old he trotted a full mile in 2:39. Josie is also the dam of a two-year old stallion that is owned at Abdallah Park called Chestnut Wilkes, by Red Wilkes, that is very promising. and I have him entered in several stakes which I expect him to get his share. Whoever becomes the owner of Alberta will get a brood mare, well worthy to be a matron, or any breeding establishment. Her sire was by Norman, sire of Lula, record 2.15; Mary Queen, record 2.20; and Blackwood, three years old, record 2.31, and he is the sire of Protine, record 2.18; Blackwood, Jr., record 2.22½; and he sired Hadwood, record 2,24¾; her dam's sire got Thomas S. Young, record 2.19½; and her second dam was by Clark Chief, sire of Croxie, record 2.19¼, and Tony Newell, reeord 2.19½, and five others that have beaten 2.30; He also sired the dam's of Phallas, record 2.15½; Wilson, record 2.16¼, Majolica, record 2.17; and is the most popular of the Mambrino Chief family. All this trotting blood is backed up by the thoroughbred blood of Prince Albert. She is heavy with foal to Indianapolis, record 2.21.
